Navigating the System

You will see a dark grey menu bar near the top of the page. It has several options listed there. This menu bar will be available throughout the system and is how you go between the different pages. You can also access the main tables through the links found on the Stats Home page.

Entering Your Stats

Before you start entering your statistics, it is highly recommended that you print a [Blank Church Input Form](#). This form is useful because it allows you to fill in your stats at your leisure without any risks of losing your information due unexpected delays or issues. You can access this form in several different ways:

1. When first logging into the system, you will be greeted with the new Welcome screen. There is a button that says “Print a Blank Form”. Clicking this button will take you to the blank report form page where you can run the report for your church.
2. On the Stats Home page, there is a new menu on the right of the screen that has link “Blank Report Forms”. Clicking this link will also take you to the blank report form page.
3. Click on the [Reports](#) link in the menu bar. Once on the Reports page click Blank Church Input Form, found on the upper right.

Once on the blank form page, simply click “Run Report” and it will give you a PDF version of the tables you will need to fill out this year for your statistics.

Collect your statistics and fill them in on the blank form. Once you have collected all your stats and you are ready to fill them in online you can click the [Enter Stats](#) option from the menu. This will take you to the page where you are able to enter your statistics.

From the Stats Home page, there are several links that will also take you directly to the table you wish to enter. Click on the table name to enter the table. You may also click on the “Submit Reports” link on this page to be taken to the Submit Stats page.

Once you are on the Enter Stats page, at the top of the page you will see a message that tells you when the conference expects all your statistics to be submitted by. Below that you should see some of your church information. Looking further down you will see one of the tables you need to fill out for your statistics.
