

Connectional Giving **2019**

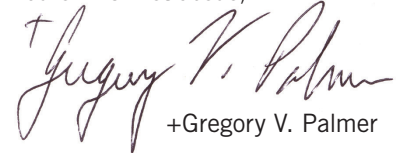

As I write, we remain in uncharted territory as a result of COVID-19 and its impact on our world. Normally, this letter would recount what your connectional giving made possible last year. I realize now with the utmost clarity that your connectional giving – that which goes to the church at the conference, district, and general church levels - are investments in the future, not so much the present. Your financial support over the years, and specifically last year, has positioned our conference to be more responsive than ever. Because of your generosity, we've disbursed \$500,000 in clergy benefit support grants, introduced an on-line giving platform for churches that

didn't have one, assisted congregations in adjusting to these uncertain times through trainings and opportunities through virtual worship and social media to providing masks for area healthcare systems. This just scratches the surface. All of this is possible because of your past support of the church through apportioned connectional giving. Thank you!

We do not know how the coming months will unfold or how COVID-19 has changed our own perceptions of what "church" should be or how it may have created new ways of being church in a post coronavirus world. But, I am clear that the church and our commitment to making disciples of Jesus Christ for the transformation of

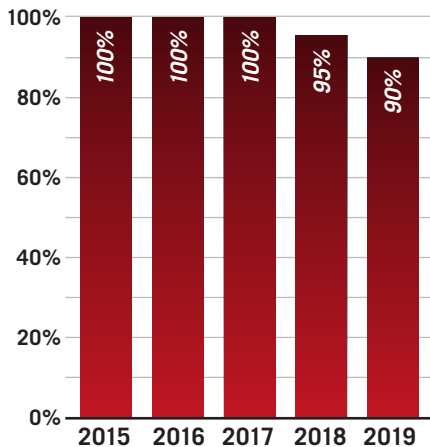

the world has never been more important. Your continued financial support not only sustains our work now but into the future. More importantly, it will help us be even more nimble in the future giving us a chance to be the church alongside you in your community, in our conference and around the world. Again, I thank you for your generosity and ask that you make every effort to continue it because of the huge difference it makes in the church and for the world.

Yours in Christ Jesus,

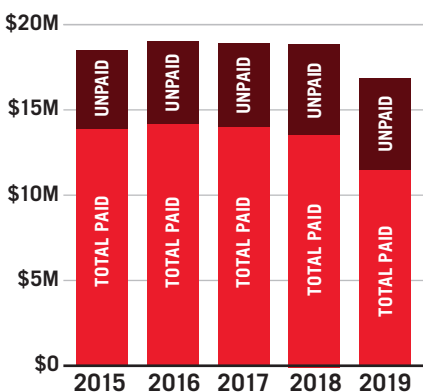

+Gregory V. Palmer
