

# Every Second Saturday Series

## SCHEDULE (Jan – June)

- Jan 9 :: THE EMERGING PARADIGM FOR PRISON & REENTRY MINISTRY  
Ministry opportunities abound when ministry isn't a specific place, but an approach.
- Feb 13, Mar 13 & Apr 10 :: CULTIVATING YOUR CALL TO JUSTICE-INVOLVED HEALING MINISTRY  
Walking with justice-involved persons can happen by choice or by circumstance. This three-part series prepares you for both.
- May 8 & June 12 :: CREATING COMMUNITIES OF HEALING AND RESTORATIVE JUSTICE  
This two-part series helps your church become places of hope and healing with your justice-involved members and neighbors.

In 2018, FWD.us and Cornell University did a [ground breaking study](#) capturing the widespread impact of criminal justice involvement in the United States. The study revealed that almost 50% of American families have had an *immediate* family member incarcerated at some point.

Think about it. One in 2 adults in your community has touched the justice system directly. *Every second* family, due to shame and stigma, has silently experienced a slow burning crisis often unmet with care and compassion.

*Every second* the church family remains silent about this truth and does not offer a different form justice with kindness and vulnerability, we drive deeper the shame and stigma. *Every second* we keep our own experiences at a distance, we keep people in our churches and communities from experiencing the love, mercy and compassion Christ offers the justice-involved.

The *Every Second Saturday Series* provides monthly discipleship and equipping environments for doing justice, loving kindness and humbly walking in the midst of justice-involved experiences.

Sessions start at 10AM on Zoom  
Advanced Registration Required
