

Engaging the Whole Church

1. What are you already doing to engage people in this journey from transactions into relationships?

2. How are you modeling this journey?

3. How would you describe the response you have received from people?

Engaging the Whole Church

Goal: Moving from Transactions into Relationships

The journey of discipleship and leadership requires us to ultimately act in ways that will achieve the mission and vision God has for our church and community. This month, you will focus upon engaging other people outside of your Connection Blueprint leadership team so that you will be the church you know you can be. Now is the time!

Moving Into Action—Step One—Pray for your congregation’s journey every day of this month

Moving Into Action—Step Two

During the February session, we engaged in facilitated conversation regarding what you are already doing to engage other people in this journey from transactions into relationships. What is one to two things you will do this month to engage other people in this ministry journey?

Action Item One:

What person(s) will be invited?

Write out your invitation message to the people above.

By when will you do this?

Who is your accountability partner?

Action Item Two:

What person(s) will be invited?

Write out your invitation message to the people above.

By when will you do this?

Who is your accountability partner?

Moving Into Action—Step Three

Plan “People of Hope...Power of the Spirit” for your congregation

1. When will your church hold People of Hope...Power of the Spirit?

2. Who will be on your leadership team?

3. Who are you intentionally inviting?

Name of Person	Invite by When	Response
