Freedom School Policies and Procedures

1. You must always be with at least one Freedom School staff person. This means that volunteers can never be with a child or children alone. For example, you may not take a child/children to the rest room, water fountain, outside or any other place by yourself.
2. You may not take any photos that include any Freedom School children. Yes, you would love to post photos of your wonderful experiences on social media, but we cannot allow unauthorized photos of the children.
3. You are welcome to post on social media without photos and tell of your positive experiences. You might even encourage others to volunteer! If you do happen to have a concern or a negative experience, please talk to Pastor Elizabeth, Dr. Washington, or Neighborhood Center Director Clara Petty.

I have read the above agreement, and I agree to follow its terms.
